Spice Island Beach Resort

A rolling, mountainous Caribbean paradise, Grenada is an ecological kaleidoscope of rich vegetation, fragrant spice trees, rare tropical flowers, cascading rivers and waterfalls, and lush rainforests. Discerning travelers often choose the less trafficked Grenada for its exclusivity and breathtaking beaches. And, let it be known that Grenada has some of the world's finest sands. Then there is the cuisine. Grenada isn't known as the 'Spice Isle' for nothing! And if that doesn't sell you, the destination also happens to be home to the number one luxury property in the Caribbean, as per TripAdvisor reviews 2013.

With a reputation for providing spectacular six-star amenities and celebrated customer service, the award-winning, all-inclusive Spice Island Beach Resort in Grenada is the perfect destination for savvy travelers seeking a luxurious Caribbean retreat.

The boutique resort, which was recently honored with the coveted Six Star Diamond Award by the American Academy of Hospitality Sciences, just completed a multi-million dollar series of upgrades and enhancements to the already unparalleled property to ensure the resort remains at the forefront of the luxury tourism market.

The Spice Island Beach Resort is the innovation of Sir Royston Hopkin KCMG, the first and only Caribbean hotelier to be knighted by Her Majesty Queen Elizabeth II. It is the culmination of his vision to meld poetry, exclusivity, and modernity into a luxury oasis that blends seamlessly into its Caribbean environment.

Tucked away on pristine shorelines just 10 minutes from the airport, Spice Island Beach Resort is surrounded by immaculate tropical gardens and features 64 elegantly appointed suites. Every suite at the resort is air-conditioned and outfitted with spectacular six-star amenities including Wi-Fi; iPod docking stations a large bath; LCD flat panel televisions; Italian Frette bathrobes and linen Molton Brown bath and body amenities; patio or balcony; chaise lounges; and much more. Spice Island Beach Resort is also home to the world-class Janissa's Spa that affords guests lavish treatments using local herbs and spices. The spa was recently updated to include a separate hair salon; a new manicure and pedicure facility; an indoor couples massage room; and sauna area complete with double-outdoor showers.

Boasting an consummate culinary programme, the resort offers patrons seven-course dinners ranging from diet-friendly to decadent at Oliver's beachside gourmet restaurant, and refreshing cocktails

available throughout the day at the Sea & Surf Bar. Guests also have access to a central swimming pool with swim-up whirlpool, an Omnicourt® tennis court, the Nutmeg Pod children's activity center, and the Gatsby Boutique, etc.

Spice Island Beach Resort's unique service-oriented philosophy is cited among the top reasons for repeat guests' loyalty to the resort. Under the direction of Sir Royston, employees receive ongoing training and are encouraged to grow both spiritually and as hospitality professionals.

In addition to the TripAdvisor accolade, which was awarded before the resort embarked on its latest renovations project, Sir Royston's approach to service has earned the resort a prestigious Gold from Virgin Holiday's as the number one property in the tour operator's exclusive worldwide Platinum Collection.

Other notable honours include Condé Nast to Fodor's, and extensive recognition for the resort's environmental programme. Suffice to say, Spice Island Beach Resort is in a category of its own and is beyond compare. It is simply one of those bucket list destinations that you just have to experience for yourself to fully appreciate its ranking as one of the highest repeat guest resorts in the world.
